

AMCHAM's Environmental, Social and Governance (ESG) Survey 2022

Dear AMCHAM member,

Welcome to **AMCHAM's ESG Survey 2022** which will help the Chamber address your concerns and plan for programs or workshops that will be more relevant to your ESG journey.

Recommendations:

- Assign one individual within the company to submit.
- For companies/entities that already practice ESG, have your company's basic reporting information at hand.
- All respondents are encouraged to answer the questions as accurately as possible.

The deadline has been extended until **6th May 2022**.

AMCHAM will publish a summary report of the survey for members as a benchmark for future tracking and progress on ESG goals.

ALL information is collected in confidence and will be amalgamated. No details or identities relating to specific companies will be shared.

This document is for reference purposes only. We encourage all respondents to submit their survey [online](#).

Section 1: Basic Information

17	Please list the top 5 (five) ESG metrics that are important for your suppliers to measure and report that will help track your entity/company's supplier performance - be as detailed as possible in your descriptions. Please indicate if the indicator/metric is an existing one used in your entity/company's current reporting.
	Indicator 1: _____ Metric: _____ Linked ESG Goal: _____ Existing (Y/N): _____
	Indicator 2: _____ Metric: _____ Linked ESG Goal: _____ Existing (Y/N): _____
	Indicator 3: _____ Metric: _____ Linked ESG Goal: _____ Existing (Y/N): _____
	Indicator 4: _____ Metric: _____ Linked ESG Goal: _____ Existing (Y/N): _____
	Indicator 5: _____ Metric: _____ Linked ESG Goal: _____ Existing (Y/N): _____

Section 4: ESG – Non-Reporting Profile (skip to section 5 if answered ‘Yes’ for Q8)

18	Does your entity/company broadly measure (and report) any of the metrics related to ESG? If yes, please list them in the space provided.
	Yes. Indicator/Metric(s):
	No

19	What is the reason for your Malaysian entity/company not practicing ESG reporting? Please select all that apply.
	It is too expensive to practice/report
	Unsure of its definition and how to approach ESG
	Unsure of the right framework and/or how to measure and track performance
	Unsure if it will be beneficial to the company and its investors/stakeholders in the long run
	It is not a priority or a requirement for the company for now
	The company already practices CSR which is sufficient in addressing current concerns
	The company is in the middle of integrating ESG into the business but have yet to release the first report
	The company is considering to integrate ESG into the business but have yet to begin the process
	The company reports to buyers and/or financial providers, but does not produce an external report
	Other:

Section 5: Interest and Comments

20	What ESG-related topics will you and/or your suppliers be interested to explore and be significantly useful for your Malaysian entity/company's ESG journey? Please select all that apply.
	COP26 Pledges: Net zero actions and what it means for the private sphere
	Social Performance: Labour rights and just transition
	Sustainable Supply Chains: Vendor development, extended producer responsibility and sourcing strategy
