THE TIME IS NOW

# RACE TO ZERO

**25 MARCH 2021**  
4.00 PM - 5.45 PM (MALAYSIA)

The Earth is getting warmer and climate change is directly impacting businesses! Carbon pricing has evolved unconsciously, consumer awareness on green business and sustainability has increased, and new markets are emerging. The time for climate action is now.

In Malaysia, the government has pledged to reduce its carbon emission intensity by up to 45% by 2030, relative to its GDP from 2005 base levels. The Race To Zero (R2Z) is a global campaign to rally leadership and support from businesses, cities, regions, investors for a zero-carbon recovery that unlocks inclusive, sustainable growth.

The British Malaysian Chamber of Commerce (BMCC), in collaboration with the British High Commission, is supporting the R2Z campaign in Malaysia via a series of engagement activities in advance of the UN Climate Change Conference, CoP26, hosted by the UK Government in partnership with Italy. Join progressive thought and business leaders in our first webinar on 25 March as they share stories of climate action progress by businesses and how we can scale up efforts further.

**H.E. Charles Hay MVO**  
British High Commissioner  
to Malaysia

**Faroze Nadar**  
Executive Director
